Employees should notify HR promptly following a qualifying life event.

(AI DEMO: 'Promptly' is ambiguous. AI should ask: What is the required notification period?)

Outside of open enrollment, you may change your benefit elections within 30 days of a qualifying life event.

Life Event	Allowed Change
Marriage	Add spouse / change coverage tier
Divorce	Remove spouse / change coverage tier

Section 9 - Enrollment Process

To enroll in or change your benefits, log into the Acme Benefits Portal during the open enrollment period and follow these steps:

- Step 1: Log into the Benefits Portal using your employee credentials
- Step 2: Review your eligible benefits and current elections
- Step 3: Select coverage levels for each benefit type
- Step 4: Add eligible dependents and provide required documentation
- Step 5: Review your total cost and employer contributions
- Step 6: Confirm your elections before the enrollment deadline

Employees who do not actively enroll will be automatically enrolled in default coverage.

(AI DEMO: What is the default medical plan? AI should ask this question.)

Section 10 - Payroll Deductions

Employee benefit contributions are deducted from your monthly paycheck.

PPO 500 (EE Only)	\$150/month	\$75/paycheck

Vision Standard (EE Only)	\$5/month	\$2.50/paycheck

Deductions are taken from each paycheck on a pre-tax basis where permitted by law.

(AI DEMO: CONFLICT - Section 10 first says 'monthly paycheck' then 'each paycheck'.

These statements are inconsistent. AI should detect this conflict.)
